Change Shortage

First it was toilet paper. Now, many businesses are facing another shortage as a result of the coronavirus pandemic: coins.

Several grocery and convenience stores have warned that they may not be able to provide coins as change when customers pay in cash, thanks to a nationwide coin shortage.

The City will no longer be able to give back change as well as a result of this shortage. When you pay your water bill, for yard sales or for permits you will need the exact amount due. If you pay over your water bill amount, the overage will be credited to your next bill. For permits and yard sales you will need to have the exact amount due or pay by credit card, check or money order. We apologize for the inconvenience.

Bulk Trash Collection

With the recent heat wave it has been difficult to get all of the bulk trash collected. Our Public Works Department is working as hard as they can to get everyone collected. If your bulk trash has not been collected for over 2 weeks please contact Maria in the Public Works Department 817-626-5421 ext.332

Keeping Children Active & Healthy During the COVID-19 Pandemic

Individuals are being asked to practice physical distancing to decrease the spread of COVID-19 in the community. For many Kids this means that they may be starting the school year at home and all sports and extra—curricular activities are cancelled.

It is important to help kids find ways to adhere to healthy movement guidelines.

Physical activity & play for health

Play and physical activity helps kids sleep better,
It helps them maintain a strong immune system,
And it can help combat feelings of depression &
Anxiety that may come with isolation from friends and peers.

Play and physical activity can help kids process what is happening.

Play gives kids a sense of control over their own actions and can help the process their emotions to the current pandemic.

- Keep 6ft away from others
- Avoid touching communal surfaces
- Don't touch your face
- Wash you hands when you get home

Outdoor play

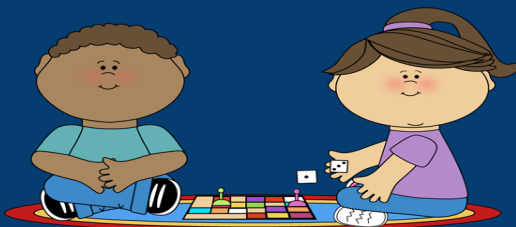

Indoor play

Engage in activities that minimize screen time (board games, reading , puzzles, etc.)

For parents working from home, consider taking small breaks for play with your kids.

For parents working outside the home, take extra precautions at work and when back home to keep kids safe.
