

River Oaks Public Works Department

PUBLIC NOTICE

Dear Resident,

Roberts Cut Off Road Project Update:

The City of River Oaks in working with Atmos Energy discovered that the gas main and service lines for that section of Roberts Cut Off needs to be upgraded now before completing the road improvements. The City was asked by Atmos to delay the Roberts Cut Off project to allow them time to have a contractor come in and install the new mains and services.

The Roberts Road Closure and detour will remain in place for the next 30 days to allow the gas mains to be installed and then Tarrant County will resume construction on the road project.

EMERGENCY SERVICES WILL HAVE ACCESS 24 HOURS A DAY

SORRY FOR ANY DELAY OR INCONVENIENCE AND THANK YOU FOR YOUR PATIENCE DURING THE CONSTRUCTION PERIOD AS WE IMPROVE OUT STREETS IN THE CITY OF RIVER OAKS. If you have any questions, please do not hesitate to contact my office at 817-626-5421 extension 322.

Gordon W. Smith, CPM
Director of Public Works
City of River Oaks
