From Summit Responsible Solutions & City of River Oaks

## Fight Back Against Disease-Carrying Mosquitoes

According to mosquito expert Joe Conlon, Technical Advisor for the American Mosquito Control Association, it is impossible to live in a completely mosquito-free environment. Wherever there's moisture there will be mosquitoes-even in times of drought. But you can reduce your chances of getting bitten by mosquito pests by being "mosquito smart" and reducing places where mosquitoes can breed.

### Reduce Mosquito Breeding Sites

It doesn't take much standing water to become a mosquito breeding site. "Some species of mosquitoes can breed in as little as a bottlecap full of water," said Jonathan Cohen, mosquito control expert and President of Summit Responsible Solutions. "That's why homeowners need to be vigilant in eliminating places where water can collect and stand in their yards and gardens."

To reduce mosquito breeding grounds, dispose of cans, plastic containers, old tires and other items that can collect water. Turn over wheelbarrows and empty children's wading pools. Clean clogged roof gutters, which can become prime mosquito-breeding pools. Periodically empty the saucers under ceramic pots to make sure they are not harboring mosquito larvae.

To prevent mosquitoes from breeding in places where water collects: including ponds, bird baths, animal watering troughs, gutters, tree holes and rain barrels-use a mosquito control product that contains BTI to kill mosquito larvae. BTI (*Bacillus thuringiensis israelensis*) is a bacterium that naturally kills mosquito larvae before they can grow up to become flying, biting, disease-spreading adults. Even though BTI is deadly to mosquito larvae, it is harmless to people, pets, fish, wildlife and beneficial insects.

BTI is the active ingredient in Mosquito Dunks®, the number-one selling biological mosquito control product. When a donut-shaped dunk is placed in standing water, the BTI in the product will kill mosquito larvae for up to 30 days.

In places where small amounts of water collect-such as tree

holes, potted plant saucers and water reservoirs in self-watering planters, a BTI product called Mosquito Bits® is a good way to kill mosquito larvae. The granules can be sprinkled into virtually any place where water can collect. They can also be used to kill mosquito larvae in swampy areas and other areas where water cannot be drained. In addition, the granules are highly effective as a "shock treatment" in water where immediate lar- (continued on page 2)

## Castleberry High School Student Awarded Scholarship

For over 40 years the Castleberry Chapter of the Order of the Eastern Star has awarded scholarships to Castleberry HS seniors each spring.

This year they give out two \$500 scholarships to **Jazzlyn Rivera** and Gebryan Arciniega-Gutierrez.

Jazzlyn recently attended an Eastern Star open Memorial meeting and is pictured with Castleberry Chapter's current Worthy Matron, **Sherry Bates**. Jazzlyn aspires to attend Tarrant County College and train to become an Emergency Medical Technician.

# Disease-Carrying Mosquitoes (continued from page 1)

val control is needed due to an extremely dense population of mosquito larvae, because the bits release all of the active ingredient at once. The bits application can be immediately followed by the addition of the drunks for long-term control.

To kill adult mosquitoes, use a permethrin-based insecticide such as Summit® Mosquito. The permethrin kills and repels mosquitoes and other insect pests for up to

four weeks. Simply spray the yard perimeter and fences, plus the lawn and vegetation where mosquitoes can hide and rest.

By reducing exposure to mosquitoes, limiting breeding sites and using the most

effective types of mosquito control products, you can greatly reduce your chances of being bitten by disease-carrying mosquitoes.

From the Project Linus Blanketeers

# First Monday Quilt Club - Project Linus Volunteers Needed

Come join the fun and fellowship with the Quilt Club volunteers while you make a difference in our community and bless others by making quilts for Project Linus.

The First Monday Quilt Club will meet at Bethany Christian Church located at 1500 Meadow Park Drive in White Settlement from 10 a.m. to 1 p.m. on Monday, June 5. Ladies may bring brunch or snack foods to share with others if desired.

Project Linus is a non-profit service organization. The members of this group are Tarrant County Chapter Project Linus volunteers who create handmade quilts and blankets that provide love, warmth, and comfort for local children who have suffered trauma, tragedy, or illness. Volunteers also make coverlets for veterans, nursing home residents, and the homeless. Unfortunately, the need for these blankets increases each month. They desperately need volunteers with portable sewing machines to help assemble the quilts.

No experience is needed - there is a place for you. Anyone can help if you can follow instructions, sew, tie a knot, crochet a blanket, or tell a good joke. Volunteers have lots of fun and develop fantastic friendships. High school students can receive community service credits for

participating. Materials (fabric, batting, thread, and yarn) are provided.

Donations of fabric, yarn, thread, sewing machines, sergers, or money to purchase materials are greatly appreciated.

Come join the fun and enjoy fellowship with the Quilt Club volunteers while you make a difference in our community by being a blessing to others.

For more information about the mission of Project Linus, visit [www.projectlinus.org](http://www.projectlinus.org). For more information on this group and meetings, call Virginia Biela at 817-244-1263.

## Legal Notice

ORDINANCE NO. 1376-2023

AN ORDINANCE AMENDING CHAPTER 13 "UTILITIES" ARTICLE 13.03 "WATER SYSTEM", SECTION 13.03.009 "METER DEPOSITS & OTHER FEES", SUBSECTION (a) "WATER METER DEPOSIT" OF THE RIVER OAKS CODE OF ORDINANCES (2020) AS AMENDED CHANGING THE DEPOSIT FEE FOR CONSTRUCTION FIRE HYDRANT METERS FROM \$1,000 TO \$2,000 WITH CERTAIN CONDITIONS; PROVIDING THAT THIS ORDINANCE SHALL BE CUMULATIVE OF ALL ORDINANCES; PROVIDING A SEVERABILITY CLAUSE; AND PROVIDING AN EFFECTIVE DATE.

NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF RIVER OAKS:

### CUMULATIVE CLAUSE

This Ordinance shall be Cumulative of all provisions of Ordinances and of the River Oaks Code of Ordinance, as amended, except where the provisions of this Ordinance are in direct conflict with the provisions of such Ordinances or Code, in which case the conflicting provisions of such Ordinances or Code are hereby repealed.

### SEVERABILITY CLAUSE

It is hereby declared to be the intentions of the City Council that the phrases, clauses, sentences, paragraphs and sections of this Ordinance are severable, and if any phrase, clause, sentence, paragraph or section of this Ordinance shall be declared unconstitutional by the valid judgment or decree of any court of competent jurisdiction, such unconstitutionality shall not affect any of the remaining phrases, clauses, sentences, paragraphs and sections of this ordinance, since the same would have been enacted by the City Council without the incorporation in this Ordinance of any such unconstitutional phrase, clause, sentence, paragraph or section.

### EFFECTIVE DATE

This Ordinance shall be in full force and effect after its passage by a majority vote of the City Council of the City of River Oaks and the legal publication of this ordinance if any is required and it is so ordained.

APPROVED THIS THE 11th DAY OF APRIL 2023.

Joe Ashton, Mayor

ATTEST: Paula Luck, City Secretary

## Legal Notice

ORDINANCE NO. 1374-2023

AN ORDINANCE AMENDING CHAPTER 4 "BUSINESS REGULATIONS" OF THE CODE OF ORDINANCES, CITY OF RIVER OAKS, TEXAS BY ADDING ARTICLE 4.10 "BOARDING HOMES" ESTABLISHING THE INSPECTION, REGISTRATION AND PERMITTING OF BOARDING HOMES, AND ESTABLISHING ENFORCEMENT AUTHORITY; PROVIDING RECORD KEEPING REQUIREMENTS; PROVIDING THAT THIS ORDINANCE SHALL BE CUMULATIVE OF ALL ORDINANCES; PROVIDING A SAVINGS CLAUSE; PROVIDING A SEVERABILITY CLAUSE; PROVIDING A PENALTY CLAUSE; PROVIDING FOR PUBLICATION; AND PROVIDING AN EFFECTIVE DATE.

NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF RIVER OAKS:

### SAVINGS CLAUSE

All rights and remedies of the City of River Oaks are expressly saved as to any and all violations of the provisions of the Code of Ordinances, City of River Oaks, Texas, as amended or revised herein, or any other ordinances affecting the matters regulated herein which have accrued at the time of the effective date of this Ordinance; and, as to such accrued violations and all pending litigation, both civil and criminal, whether pending in court or not, under such ordinances, same shall not be affected by this ordinance but may be prosecuted until final disposition by the courts.

### PENALTY CLAUSE

Any person, firm or corporation who violates, disobeys, omits, neglects or refuses to comply with or who resists the enforcement of any of the provisions of this Ordinance shall be fined not more than Two Thousand Dollars (\$2,000.00) for each offense as set forth in this ordinance. Each day that a violation exists shall constitute a separate offense.

### PUBLICATION CLAUSE

The City Secretary is directed to publish in the official newspaper of the City, the caption and penalty clause of this Ordinance one time as authorized by Chapter 5, Section 5.02(c) of the Charter of the City of River Oaks.

### EFFECTIVE DATE

This Ordinance shall be in full force and effect from and after its passage and publication as required by law, and it is so ordained.

PASSED AND APPROVED on this the 11th day of April 2023

Joe Ashton, Mayor

ATTEST: Paula Luck, City Secretary

**Legal Notice**

**ORDINANCE NO. 1370-2023**

AN ORDINANCE AMENDING ARTICLE 1.04 “BOARDS AND COMMISSIONS” DIVISION 3 “PARK BOARD” OF THE RIVER OAKS CODE OF ORDINANCES SPECIFICALLY, IN SECTION 1.04.063 “COMPENSATION; APPOINTMENT; QUALIFICATIONS; TERMS; VACANCY; REMOVAL BY REVISING SECTION 1.04.063 (f) PROVIDING AN EXCEPTION TO MEMBERSHIP QUALIFICATIONS.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF RIVER OAKS, TEXAS:

**SECTION 1.**

That Section 1.04.063 “Compensation; Appointment; Qualifications; Terms; Vacancy; Removal specifically in subsection (f) of Article 1.04 “Boards and Commissions”, **Division 3 “Park Board”** of the Code of Ordinances of the City of River Oaks, Texas as adopted and as amended is hereby revised to now read as follows:

Section 1.04.063 “**Compensation; Appointment; Qualifications; Terms; Vacancy; Removal**”

“(f) The members of the board shall be residents of the city except that a member may be appointed by special consent of the Mayor with advise and consent from the City Council that is a resident located within the district boundaries of the Castleberry Independent School District. In addition to the qualifications for service on a board required by the city charter, ordinances or state law, a person appointed to a board if applicable, must not be delinquent in the payment of taxes, water service charges, or other obligation to the city.”

**Effective Date:**

This ordinance shall be in full force and effect from and after its passage and it is so ordained.

**PASSED AND APPROVED ON THIS THE 14TH DAY OF FEBRUARY 2023.**

JOE ASHTON, MAYOR

ATTEST BY: PAULA LUCK, CITY SECRETARY

**Legal Notice**

**ORDINANCE NO. 1372-2023**

AN ORDINANCE AMENDING ARTICLE A.02 “SCHEDULE OF FEES AND CHARGES” UNDER SECTION A.02.001 “ESTABLISHED GENERALLY” SPECIFICALLY IN SUBSECTION (a) “ADMINISTRATIVE SERVICES” (2) “PAYMENTS BY CREDIT CARD OR ELECTRONIC MEANS” AT 3.7% FOR PROCESSING AND HANDLING FEES AND (3) “WEB-PROCESSED CONVENIENCE FEE” AT 3.7% FOR PROCESSING & HANDLING FEES AND A FLAT FEE OF \$1.95 FOR ECHECKS; REPEALING THE FORMER ORDINANCES IN CONFLICT THEREOF PROVIDING THAT THIS ORDINANCE SHALL BE CUMULATIVE OF ALL ORDINANCES; PROVIDING A SEVERABILITY CLAUSE; AND PROVIDING AN EFFECTIVE DATE.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF RIVER OAKS, TEXAS:

**PERIODIC REVIEW**

The City Council shall periodically review the need for and the amount of fees for city services, uses, and activities and shall adopt or revise fees as the City Council determines is appropriate. In addition to the fees established in this ordinance, the City Council may adopt other ordinances from time to time establishing various fees for other city services, activities and uses.

**REPEALING CLAUSE**

With the adoption of this Ordinance by a majority vote of the City Council, Ordinance # 1367-2022 as adopted on December 13, 2022 is hereby repealed in its entirety and replaced with Ordinance # 1372-2023 as adopted on March 14, 2023.

**EFFECTIVE DATE**

This ordinance shall be in full force and effect on June 1, 2023 from and after its passage and it is so ordained.

**PASSED AND APPROVED ON THIS THE 14TH DAY OF MARCH 2023.**

JOE ASHTON, MAYOR

ATTEST: PAULA LUCK, CITY SECRETARY

**Legal Notice**

**ORDINANCE NO. 1371A-2023**

AN ORDINANCE AMENDING ARTICLE 13.02 “UTILITY POLICY”, DIVISION 2 “WATER SERVICE POLICY” SPECIFICALLY UNDER SECTION 13.02.038 “WAIVER OF CHARGES; ADJUSTMENTS TO BILL”, OF THE RIVER OAKS CODE OF ORDINANCES BY REVISING SECTION 13.02.38(a) “RESPONSIBILITY FOR LEAKS”; REPEALING THE FORMER ORDINANCES IN CONFLICT THEREOF; PROVIDING THAT THIS ORDINANCE SHALL BE CUMULATIVE OF ALL ORDINANCES; PROVIDING A SEVERABILITY CLAUSE; PROVIDING A SAVINGS CLAUSE; PROVIDING A PENALTY; PROVIDING FOR PUBLICATION IN THE OFFICIAL NEWSPAPER; AND PROVIDING AN EFFECTIVE DATE.

NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF RIVER OAKS:

**Savings Clause**

All rights and remedies of the City of River Oaks are expressly saved as to any and all violations of the provisions of the City of River Oaks Code of Ordinances as adopted and as amended or any other ordinances affecting Utility Policy procedures which have accrued at the time of the effective date of this ordinance; and, as to such accrued violations and all pending litigation, both civil and criminal, whether pending in court or not, under such ordinances, same shall not be affected by this ordinance but may be prosecuted until final disposition by the courts.

**Penalty Clause**

Whenever in this code or in any ordinance of the city an act is prohibited or is made or declared to be unlawful or an offense or a misdemeanor, or whenever in such code or ordinance the doing of any act is required or the failure to do any act is declared to be unlawful, and no specific penalty is provided therefor, the violation of any such provision of this code or any such ordinance shall be punished by a fine of not exceeding five hundred dollars (\$500.00). However, a fine or penalty for the violation of a rule, ordinance or police regulation that governs fire safety, zoning or public health and sanitation other than dumping of refuse may not exceed two thousand dollars (\$2,000.00); a fine or penalty for the violation of a rule, ordinance, or police regulation that governs the dumping of refuse may not exceed four thousand dollars (\$4,000.00). Provided, however, that no penalty shall be greater or less than the penalty provided for the same or a similar offense under the laws of the state. Each day any violation of this code or of any ordinance shall continue shall constitute a separate offense. In the event that any such violation is designated as a nuisance under the provisions of this code, such nuisance may be summarily abated by the city. In addition to the penalty prescribed above, the city may pursue other remedies such as abatement of nuisances, injunctive relief and revocation of licenses or permits.

**Publication Clause**

The City Secretary of the City of River Oaks is hereby directed to publish in the official newspaper the caption, savings clause, penalty clause, publication clause and effective date clause of this ordinance one (1) time after the adoption of this ordinance as authorized by Chapter 5, Section 5.02(c) of the Charter of the City of River Oaks.

**Effective Date**

This Ordinance shall be in full force and effect after its passage and publication as required by law, and it is so ordained.

**PASSED AND APPROVED THIS THE 14th DAY OF MARCH 2023.**

# Texas Chemist and Nobel Prize Winner - Dr. Richard Smalley

by Dr. Ken Bridges

Sometimes it is the smallest thing that makes the biggest difference. And in science, the discovery of a whole new type of molecule may make the difference for the future of medicine and engineering. All this thanks to **Dr. Richard Smalley**, Texas chemist and Nobel Prize winner.

Richard Errett Smalley was born in June 1943 in Akron, Ohio. He was the youngest of four, and when he was still very young, the family moved to Kansas City, Missouri. Smalley later described it as a happy childhood with a stable and loving family.

His father worked in the newspaper industry and eventually became the editor of a farming magazine.

Both his parents had a powerful impact on him. When he was a teenager, his mother went back to school and earned a bachelors degree. Smalley was fascinated by all the tales of great scientific figures his mother was excited to tell him. He credited his father with his drive and ambition and also his early interest in woodwork. As a youngster, he and his father built and designed various gadgets. In high school, Smalley took four years of drafting classes where he learned about the importance of design and structure. By the time he was 17, Smalley became so fascinated by different aspects of science that he built a small library in the family's attic where he read science books for hours on end.

His aunt, Dr. Sara Jane Rhoads, a respected chemist herself, encouraged him to study chemistry and gave him his first scientific job after high school – working in her organic chemistry lab at the University of Wyoming in 1961. Smalley then attended Hope College in Michigan for two years before transferring to the University of Michigan at Ann Arbor to complete his bachelors degree.

After his graduation, he went to work for Shell Chemical Co. in the quality control lab. He enrolled in the doctoral program at Princeton University in 1969, graduating in 1973. After he earned his doctorate, he began working with a team of scientists on the use of lasers for spectroscopy, understanding what light patterns certain substances emitted and absorbed in order to learn more about their properties. In 1976, he became a professor of chemistry at Rice University, making his move to Texas.

By the late 1970s, Smalley and a team of researchers at Rice began using these techniques to study carbon in new ways. Many scientists theorized that new configurations of carbon-containing molecules could pave the way to new energy sources or a variety of synthetic materials with all sorts of possible uses. Smalley's work helped show that carbon atoms could organize in ways never before

seen. By 1985, Smalley, along with Robert Curl, James Heath, Harold Kroto, and James O'Brien discovered that carbon atoms could arrange themselves into a ball made of carbon. These 60-atom carbon molecules resembled soccer balls and were eventually dubbed "Buckminsterfullerenes," after architect Buckminster Fuller and his famous geodesic domes.

The discovery of fullerenes was followed by the discovery of carbon nanotubes, molecule-size tubes with walls made entirely of a thin layer of carbon atoms. The scientific world was excited about the possibilities. One of the most intriguing possible uses was identified in medicine. Their structure would help aid imaging processes in MRI scans and X-rays. Additionally, portions of medicines and even genes could be "stored" inside them, making it easier to transport medicines or genes for gene therapy and research much easier and much more efficient.

Several researchers have theorized that one day nanotechnology could even be used to treat diseases such as cancer. With the ability to work on the molecular level, repairing damaged genes as seen with cancer and other maladies could become much easier in these instances.

Engineers also realized that the discovery of fullerenes and nanotubes had created a whole new field – nanotechnology. By being able to repair cells and genes on the molecular level, Smalley and his team had created molecule-sized machines with endless possibilities. What once had been mere science fiction had become an exciting new reality.

Smalley was widely honored in the scientific community, and he pushed for funding for continued research and development of nanotechnology. In 1990, he co-founded the Center for Nanoscale Science and Technology at Rice, which was later renamed for him. In 1996, he was awarded the Nobel Prize for Chemistry, the highest honor in science, along with Curl and Kroto for their work discovering fullerenes.

In 1999, Smalley received the devastating news that he had cancer. He fought the disease for years with the best doctors available, but the cancer gradually overtook his body. In the meantime, he fought for continued development of nanotechnology and encouraging your students to pursue careers in science and engineering. He once told a crowd, "Be a scientist and save the world."

As part of this effort, he spoke out for the National Nanotechnology Initiative in 2003 and to expand nanotechnology research. He died at the M. D. Anderson Cancer Center in Houston in October 2005 at the age of 62.

It was a life cut short, but it was one that had left an incredible impact. Congress honored him after his passing by naming him the Father of Nanotechnology.

Already, his discoveries are having an immense impact in research. And the foundation he laid with his work could one day herald a revolution in science and medicine scarcely imaginable today.

# U.S. Army Corps of Engineers Emphasizes Water Safety this Summer

Swimming in open water is more difficult than in a swimming pool. Statistics show that 90 percent of those who drown at United States Army Corps of Engineers (USACE) lakes and rivers may have survived if they had worn a life jacket. Although boating incidents have been the leading cause of fatalities at Corps lakes in the past, in recent years Fort Worth District has seen more swimming and wading accidents. These incidents are often due to sudden drop-off and swimmers misjudging the water while swimming and boating.

If you see someone in trouble in the water, remember, “Reach or throw, don’t go.” Reach for the person with a pole, a long stick, a boat paddle, even a towel, to reduce the chance the panicked victim will drag you under.

If you can’t find something to reach someone in trouble, or if the person is too far to reach, throw something that floats, like a life jacket, life board or lifebuoy. Even a small, closed water cooler can assist in keeping someone afloat long enough to get more help for a rescue.

“Obviously no one plans to drown when they head out for a fun day at the lake, so it’s important to expect the unexpected,” said Col. Jonathan Stover, Commander, U.S. Army Corps of Engineers, Fort Worth District. “An essential item of your packing list should include a life jacket for anyone who will be in or near the water. And an essential action is to ensure that you and your loved ones wear life jackets properly by fastening the straps and zippers.”

While having a blast this holiday and summer, here are some water safety tips to help ensure you return home safely to those you love.

## 1. Wear a life jacket.

- Statistics show that 90 percent of those who drown at USACE lakes and rivers may have survived if they had worn a life jacket.

- Drowning is the nation’s second leading cause of accidental death.

- Accidents happen, even to responsible boaters. A life jacket can provide time for rescue.

## 2. Know your swimming ability.

- Swimming in open water is more difficult than in a swimming pool because a swimmer can tire more quickly and get into trouble.

- Conditions can change quickly in open water.

- Swim in designated areas and wear a life jacket. A life jacket will help conserve energy and provide flotation.

## 3. Be a “Water Watcher.”

- When on or near the water watch your children.

- A child can drown in 20 seconds

- Drowning happens quickly and quietly. A drowning victim’s head will be back, they will be gasping for air, they will not be yelling, and their arms will be slapping the water as though trying to climb out of the water.

## 4. Avoid exhaust fumes around boats.

- Carbon monoxide, an invisible killer, can accumulate anywhere in or around boats regardless of what type of boat. Install and maintain carbon monoxide detectors on and inside your boat. Maintain a fresh circulation of air through and around your boat at all times.

- Early symptoms of carbon monoxide poisoning include eye irritation, headache, nausea, weakness and dizziness. Know the signs and stay alive.

- Avoid areas around boats where exhaust fumes may be present. Do not let friends swim under or around the boarding platform where fumes can accumulate.

Questions regarding Fort Worth District’s ongoing Water Safety awareness campaign can be directed to USACE Public Affairs Specialist Bobby Petty at 817-886-1314 or [Bobby.N.Petty@usace.army.mil](mailto:Bobby.N.Petty@usace.army.mil).

---

*From the City of White Settlement*

## Volunteers Needed for July 1 Summer Celebration

Would you like to volunteer for the upcoming Summer Celebration? The City of White Settlement tries to provide opportunities for our residents and other interested parties to get involved!

We have a great app that helps you find the right opportunities for you - called Helper Helper. The app can be found on the app store and Google Play. We are currently looking for several volunteers for the Summer Celebration Event.

If you have any questions about volunteering or the Helper Helper app, contact our Community Volunteer Coordinator by emailing [kwsb@wstx.us](mailto:kwsb@wstx.us) or calling 817-246-5012.
