We Care Clinic invites you to come and meet our team, tour our new facility and learn about our Internal and Rheumatology services. Internal Medicine specializes in a non-exhaustive list including routine adult care, preventive medicine, geriatric care, and more. Rheumatology provides a wide array of services including, but is not limited to Lupus, Rheumatoid Arthritis, Autonomic Dysfunction Weight loss, and hormone replacement. We also offer infusion services, depending on your specific health needs.
