

What are those BLUE BAGS?

The City of River Oaks now offers curb-side recycling pick-up!

The city will pick up recyclable materials, such as: plastic, paper, aluminum, steel, cardboard, & glass from your curb.

Plus, all of these recyclables may be placed in one bag, together. The blue bags can be purchased at a few nearby retailers.

The program is completely voluntary, but the city is interested in expanding the program.

For more details and to sign up, drop by city hall or call 817-626-5421.
