### **Recycle Televisions and Other Electronics**

The City of River Oaks encourages citizens to recycle electronic items whenever possible. We are pleased to offer a **FREE** event to recycle electronic and appliance items.

Innovative Electronics Recycling will provide a truck/trailer at the City of River Oaks City Hall Parking Lot on **Saturday, March 24, 2018 from 8:00 a.m. to 11:00 a.m.**

We're fortunate to partner with a recycling company that will provide this service for free to our community.

If it can be plugged in, it can be recycled. The following is a list of common items that citizens can bring for recycling:
