

GET RID OF THOSE OLD DISCARDED TIRES

Discarded tires laying around in the yard are a source of mosquito breeding. Put those old, discarded tires out at the street curb on your Wednesday Bulk Collection Day and the city will pick them up and get rid of them at no charge. This offer is good from March 1, 2026 until April 30, 2026, so take advantage of the special free collection service while it lasts.

Please limit the number of tires to be discarded at any one time to no more than 4 used discarded tires. Where there are more than 4 tires, please contact the Public Works Department to schedule a special pickup at 817-626-5421 Extension 332. Otherwise, Citizens can call for pickup or else public works will pick up tires when placed on curb.

This service is for residential customers only. The City will not collect tires disposed of from businesses since commercial collection is under contract with a commercial waste hauler.

For more information about unwanted mosquitoes and how to protect yourself please contact the Emergency Management Coordinator, James Myrick, on 817-929-6267.
