### Letting kids be kids

At YMCA Camp Carter, campers live, play and build deep bonds with their peers. Campers must rely on the others in their cabin groups to share daily responsibilities, but ultimately camp is about letting kids be kids and forgetting about their daily stressors.

### Application Process

Visit [campcarter.org/asymca](http://campcarter.org/asymca) to complete the application. When accepted by YMCA Camp Carter, an invoice will be sent to the enrolled email address for a \$50 per camper deposit. The remaining balance must be paid 2 weeks prior to the start of the chosen session. All accepted families will also be required to obtain a complimentary membership with the Armed Services YMCA. Membership is open to Military, DOD and civilian families.
